## REUNIONS PROMISE WELL For June 16-19

Class secretaries and Reunion chairmen of most of the twenty-eight Classes which will gather in Ithaca June 16 and 17 have for several weeks been writing their Classmates, and reports so far indicate that more alumni than usual will be here. Special travel rates from any point in the United States to the Fairs on both coasts, with stop-over at Ithaca, are expected to bring a larger number of Cornellians to Reunions from greater distances than usual—both those of regular Reunion Classes and other alumni. A larger number than usual this year, too, will stay through Sunday and for the Commencement exercises on Monday.

Special feature this year will be a demonstration, "Cornell Today," in the Drill Hall, with most Colleges exhibiting some of their interesting work for the edification of returning alumni. As usual, the general gathering place will be the Drill Hall, for registration and luncheons both Friday and Saturday. Alumni will be housed in the University dormitories, and many Classes are planning their own special events, including Class dinners in various dining rooms on the hill and downtown.

Friday evening the Musical Clubs will give a concert in Bailey Hall, with the combined Men's and Women's Glee Clubs, directed by Eric Dudley and Mrs. Dudley, respectively, and the Instrumental Club, directed by George L. Coleman '95. They will sing Cornell songs, and selections from Gilbert and Sullivan, with a performance in authentic costumes and stage setting of the popular "Trial by Jury."

Both Friday and Saturday evenings the Dramatic Club will present in the Willard Straight Theater an original play, "The Cardiff Giant," written by Professor Alex M. Drummond and Robert E. Gard, AM '38, based on the famous up-State hoax which President Andrew D. White described in his Autobiography.

Saturday morning President Day will make his "annual report" to alumni at a meeting of the Cornell Alumni Corporation in Bailey Hall, and the results of the elections for Alumni Trustees will be announced, with voting on the new by-laws to inaugurate the new Cornell Alumni Association. Arrangements are being made to broadcast the crew races at Poughkeepsie at several places about the Campus Saturday afternoon, and that evening all alumni will gather in Bailey Hall for the Reunion Rally, under the auspices of the fifteen-year Class, '24.

One of the alumni "notables" who will

be here this year is John A. Rea '69, who will come from his home in Tacoma, Wash., to celebrate his ninety-first birthday, June 18, and the seventieth anniversary of the University's first Commencement, at which he was graduated. Dr. Hu Shih '14, Chinese Ambassador to the United States, will be here for the twenty-five year Reunion of his Class; and Allan C. Balch '89 and Mrs. Balch (Janet Jacks), Grad '86-'88, the donors of Balch Halls.

Classes scheduled to hold Reunions this year are '69, '72, '73, '74, '75, '79, '84, '89, '91, '92, '93, '94, '99, '04, '09, '10, '11, '12, '13, '14, '19, '24, '29, '30, '31, '32, '34, and '37. Alumni of these Classes who have not heard from their Class officers are invited to communicate with the Alumni Office, 3 East Avenue, Ithaca. Other Cornellians are also welcome, of course, and it is suggested that they make sure of accommodations with the Alumni Office.

General program of Reunions and Commencement is included this week in our column, "Coming Events."

### "THE CARDIFF GIANT"

A near-capacity audience and a large and proficient cast joined in hilarious enthusiasm for "The Cardiff Giant" at its first performance May 20 in the Willard Straight Theater. Written by Professor Alex M. Drummond, Public Speaking, and Robert E. Gard, AM '38, as part of a New York State play project sponsored by the University Theatre, the Rockefeller Foundation, and the American Agriculturist, this "show" tells the story of "the biggest hoax that ever hit New York State, or maybe the whole United States."

The giant image is buried in Stubby Newell's crick-lot up Cardiff way, in 1868, "discovered" at a well-digging the next year, and is for months the sensation of the country. Professors and scientists come from far and near to make solemn pronouncements on its origin and authenticity. The cast includes the New York State Board of Regents, Professor MacWhorter of Yale, Mrs. Bloomer, Robert G. Ingersoll, David Harum, P. T. Barnum, and many others, each repeating the words he said as recorded in 1869. The audience laughs heartily at their credulity, but is rebuked by a reference to "men from Mars." A narrator, Peter Kuchmy '39 of Rochester, smokes his pipe and lounges about the stage, talking to the characters and explaining things to the audience.

President Andrew D. White was one of the few who disbelieved in the hoax from the beginning, and his account of it in his Autobiography was the chief documentary basis for the play. Numerous references to President White, the University, and the Central New York region delighted the audience, who demanded three curtain calls.

The unusual program for the play, a long informal narrative, concludes, "We hope you'll like it and tell your friends, because next week, Friday and Saturday (May 26 and 27), same time, same place, we're doing the show again."

The Dramatic Club also plans to repeat "The Cardiff Giant" during Class Reunions, June 16 and 17.

## About ATHLETICS

### WIN HEPTAGONAL MEET

First Cornell championship in the five-year history of the Heptagonal Games was won by the track team at New Haven, Conn., last Saturday.

It was a photo finish, for Cornell won by one-half point over Harvard, with officials holding up the final decision two hours to view motion pictures of the finish of the 440-yard relay. The judges had placed Pennsylvania second, with Cornell the winner and Harvard third. But they were not sure of the second place. If Harvard had taken second place, it meant victory for the Crimson squad. A tie for second in the race would have tied Cornell and Harvard for the title. The pictures confirmed the officials' ruling that Pennsylvania placed second.

The final point score: Cornell, 46 $\frac{3}{4}$ ; Harvard, 45 $\frac{1}{4}$ ; Princeton, 42; Yale, 40 $\frac{3}{4}$ ; Pennsylvania, 24 $\frac{3}{4}$ ; Columbia, 21 $\frac{3}{4}$ ; Dartmouth, 18 $\frac{1}{4}$ .

James B. Pender '39 of Lawrence, Mass., won six races during the day, captured two individual titles, and was generally the star of the meet.

All told, Cornell captured five titles: Pender's in the 100-yard dash and 220-yard low hurdles; the javelin, by John W. Borhman, Jr. '41 of Harrisburg, Pa.; and the 440-yard and one-mile relays.

On the 440-yard relay team were Noah E. Dorius '39 of Casper, Wyo., John C. Tallman '40 of Ithaca, I. Reeve Swezey, III '41 of Huntington, and Pender. On the one-mile relay team were Alexander E. Walker, Jr. '41 of Pittsburgh, Pa., Swezey, Walter W. Zittel, Jr. '40 of Buffalo, and John H. Nevius '39 of Flemington, N. J.

Pender started the day by winning a heat in the 100-yard dash in 0:09.9. He captured the final in 0:10.1. In the first heat of the 220-yard low hurdles he set a new meet record of 0:23.9, bettering the mark of 0:24.2 set by J. Hamilton Hucker '38 in 1938. The record was immediately beaten by Wittens of Pennsylvania and Foster of Dartmouth, who were timed in 0:23.8. In the final, Pender won in 0:24.5, with Zittel taking fourth place. Then Pender ran twice as anchor on the 440-yard relay team. Cornell finished second to Princeton in the first heat and won the final in 0:42.

The one-mile relay team set up one of eight new meet records with a time of 3:18.6. The old record of 3:19 was set by Dartmouth in 1937.

Borhman outdid himself in tossing the javelin 192 feet 7 $\frac{1}{4}$  inches.

The rest of Cornell's points were scored by:

Emery G. Wingerter '40 of Red Bank, N. J., third in the mile.

George E. Ranney '40 of Ithaca, third in the two-mile.

Albert R. Davis, 2d '39 of South Euclid, Ohio, in a seven-way tie for third in the pole vault at 12 feet 6 inches.

Captain William W. McKeever '39 of Wayne, Pa., second in the hammer throw at 168 feet 1 $\frac{3}{4}$  inches.

Frederic W. West, Jr. '41 of Lansdowne, Pa., second in the shot put with 48 feet 8 $\frac{3}{8}$  inches.

Herring of Princeton set a new record of 156 feet 2 $\frac{1}{4}$  inches in the discus throw, erasing the former mark of 150 feet 6 $\frac{1}{4}$  inches set by Walter D. Wood, Jr. '36 in 1936.

### THREE CREWS WIN

The Varsity crew lost to Yale by ten feet in a nip and tuck Carnegie Cup regatta on Lake Carnegie at Princeton, N. J., last Saturday, with Princeton a poor third.

Cornell's Junior Varsity and Freshman crews won, each by a margin of three lengths.

Yale set the pace from the start of the mile and three-quarters Varsity race. A quarter-mile from the finish Yale was in the van by about fifteen feet. Cornell put on a finish spurt, but Yale answered and had enough power to win, although Cornell was gaining with each final desperate stroke. Both crews were rowed out and tired at the finish.

Yale's time of 8:54.6 set a new record for the revamped Lake Carnegie course. Cornell set the old mark of 9:01.6 in 1936, and also broke that record this year, with 8:55.2. Princeton was timed in 9:13.4.

The Junior Varsity was timed in 9:05, with Yale second in 9:17.6 and Princeton third in 9:25.6.

Cornell's Freshman time was 9:07.8, with Princeton second in 9:20.8 and Yale third in 9:22.

The preliminary races were rowed in a driving rain.

Cornell boatings were the same as against Navy May 6, except that in the Freshman shell Mario Cuniberti of Washington, D. C., replaced Daniel Schwartzkopf at 2, Edmund G. Miller of Pelham Manor replaced Robert O. Gundlach at 3, and William W. Paty, Jr., of Honolulu, Hawaii, at 4, changed places with Harry M. St. John of Detroit, Mich., who rowed at 6.

At Boston, the Freshman 150-pound crew defeated Harvard, Princeton, Yale, and MIT in that order over a mile and five-sixteenths. Cornell finished two

lengths ahead of Harvard and was timed in 7:50.8.

The Varsity 150-pound crew finished third, with Harvard first, Yale second, Pennsylvania fourth, Princeton fifth, Columbia sixth, and MIT seventh. Cornell's time was 7:46.6, with Harvard, the winner, clocked in 7:39.8.

### LACROSSE TEAM LOSES

The Varsity lacrosse team met its fourth defeat in six games, at the hands of Army, 2-13, at West Point Saturday. Absence of Robert D. Brennan '40 of Geneva, who suffered a severe abdominal injury in the game with Hobart May 6, has seriously handicapped the team. Scorers against Army were Charles H. Acton '41 of Stockbridge, Mass., and Richard C. Campbell '41 of Towson, Md.

### LOSE TWO AT TENNIS

The Varsity tennis team lost two matches by the same score, 8-1, Friday to Yale at New Haven and Saturday to the US Military Academy at West Point. Only Cornellian winner against Yale was Kennedy Randall, Jr. '41 of Staten Island, who defeated Thorpe, 6-3, 1-6, 8-6. Louis C. Boochever, Jr. '41 of Ithaca was the Varsity winner against Army, defeating McCutcheon 3-6, 6-4, 6-3.

### TIE FOR BASEBALL LEAD

Two victories over Princeton Saturday and Monday put the baseball team into a tie with Harvard for first place in the Eastern Intercollegiate League. The Varsity won the first game of a scheduled double-header at Princeton, 4-1, and the second, postponed to Monday because of rain, it took, 5-4, in a seventh-inning rally.

May 24 the Varsity was to play its second game with Harvard, on Hoy Field, having taken its first, in Cambridge, 12-3. Then remain only the Spring Day game with Dartmouth in Ithaca and a return engagement at Hanover, June 17.

League standings on Monday:

	W	L	Pct.
Cornell	7	2	.778
Harvard	7	2	.778
Dartmouth	7	3	.700
Princeton	3	5	.375
Yale	3	5	.375
Pennsylvania	3	6	.333
Columbia	2	9	.182

Monday's Princeton game was Cornell's seventh successive League victory. Both Walter J. Sickles '41 of Pearl River, who pitched the first game, and James A. Young '40 of Cherry Creek, who was on the mound for seven innings of the second, allowed but five hits.

Details of only the first game were available at press time. Cornell scored its first run when Kenneth G. Brown '40 of Millerton walked, stole second, and came home on a single by George F. Polzer, Jr. '40 of Staten Island. In the second inning, Walter Scholl '41 of Port Richmond

tripled and scored on a single by Michael J. Ruddy '41 of Alden, Pa.

In the fifth, Walter J. Matusczak '41 of Lowville singled, went to second on a sacrifice, and scored on Sickles's single. Sickles also scored on a single by Charles S. Bowen '40 of Binghamton.

John C. Sterling, Jr. '41 of Newport News, Va., Harry L. Bill, Jr. '41 of New York City, and Harry D. Evenden '39 of Williamsport, Pa., won singles matches. Bill and Evenden teamed to win the only best ball match for Cornell against Syracuse.

## NOW, IN MY TIME!

*By Romeyn Berry*

Even with the two new bells that Mr. Bassett is having put in the tower, the Cornell Chimes will not rank among the world's great collections of bells. The cathedral at Antwerp has sixty-five bells, St. Rombard's at Mechlin, forty-four, and Dr. Fosdick's church on Riverside Drive is said to possess seventy-odd. Even with the two new ones Cornell will have but eighteen bells.

I don't know how many bells there are in Oxford, but in the chapel of one of the colleges—Magdalen, I think, though Christ Church sounds more likely—there is an inscription which says, "Remember the one hundred and fifty-six bell ringers of this diocese who lost their lives in the great war."

But in spite of our lowly position with respect to numbers, Cornell men will continue to be smug and self-satisfied and will calmly agree that our bells possess a quality, a sweetness, a depth and a richness, that is not shared by any other carillon. To me, the multitude of Oxford bells sound relatively light and tinny and the expensive carillon in Dr. Fosdick's church recalls the Swiss music boxes of our adolescence.

It may well be that the location of our tower has something to do with it. The Reverend Doctor Haweis, the ultimate authority on bells and bell-ringing, says (*Music and Morals*, Harper & Bros. 1872, p. 352.): "Bells are heard best when they are rung upon a slope or in a valley, especially a water valley"; which sounds as if he had sat back of the Library in the twilight when he wrote it.

When I was in college it was generally accepted as a fact that President White personally burgled the belfry and personally played the long-meter Doxology

on the bells when the Cornell boats won at Saratoga in 1876. In his autobiography Andrew D. specifically denies that he did it: says that when he saw the students running toward the belfry he merely ran with them to see that no irreparable damage was done. But I prefer to believe that the old gentleman was slipping when he wrote the denial, and have deleted the passage from my copy of the book.

That Chuck Bassett '14 always was smart! I'd rather have me a bell in a tower on a slope over a valley, "especially a water valley," than to have any number of tablets in as many abbeys, chapels, armories, and union stations.

## FROM FAR BELOW . . .

*By Robert L. Bliss '30*

Well, everybody's been to the Fair at least once, and some addicts can begin to count their trips on two hands. It's an institution that takes study. Most people go twice to get the lay of the land—resting up at Heinekin's wharf or Ballantine's Inn to get their bearings. Then they go home and pore over their map and lay the thing out in sections, so when they go back they can really settle down to intensive looking. The Fair's really a new high in adjectives, and we heartily commend it to your bunions. It's worth it.

The Cornell Club of New York, that lair of cushioned ease, has devised what we vote the easiest way to go to the Fair on these hot nights. After a leisurely dinner at the Club, complete with air-conditioned zephyrs, a short jaunt to the dock at the Fairway Yacht Club, Fifty-second Street and East River, will find you ready to take to the water and loll up through Hell Gate in marine ease. The Club has a membership in this elite water transfer, and the desk can supply members and their guests, and you incoming out-of-towners, with pasteboards. And for that cool ride in either direction the purse pang is slight.

Charlie Blair '97 was re-elected president of the Club in the May governors' meeting. He begins his sixth year of an office during which the Club has made its most notable strides in well over a decade. Vice-presidents John T. McGovern '00, Raymond D. Starbuck '01, Alexander C. Clogher '04, Jansen Noyes '10, and Wallace B. Quail '19 all resumed their chairs—chairs which these days spell work, not ease. James J. Clark '03,

treasurer, received the nod again. Besides being pretty vital to the operation of the Liggett Drug Company, "Jim" sees to it that the Advertising Club of New York balances its books too. Busy men always find time. "Bert" Antell '28 was re-sentenced to the quill. Newcomer to the board is Herbert W. Ballantine '17, elected for a four-year term, as well as Blair, P. A. Wade, MD '21, and your correspondent who were also re-chosen to serve on the board until 1943.

People from other colleges often remark about the intense interest that Cornellians maintain in Ithaca and the University. Labors of love seem more prevalent in Cornell ranks, if we may be pardoned a bit of boasting. Our alumni seem to look for jobs to do, and take those assigned in their stride.

Probably one of the grandest laborers in the vineyard for Cornell in these parts is Henry P. de Forest '84, librarian of the Club. Still active in medical practice, and faithful secretary of the early '80's who engineers a Reunion of a dozen Classes almost annually, the Doctor has worked with persistent and meticulous care to build us a library unsurpassed in any university club in New York. Like all good jobs well done, there are problems. The Doctor and his assistant have been too diligent. We more than doubled our library space when the architect planned the new Club, and now the acquisitions are pouring in, not by dozens nor even by hundreds! How would you feel if someone called you on the phone and said, "I'm sending you over my library. There're about 5000 volumes."?

CHAIRMAN of the student board of CURW for next year is Frances L. Page '40 of Ithaca. Secretary is Edward H. Mandel '41 of Brooklyn.

#### FOUR JUDGES ALUMNI

With the appointment of Abraham E. Gold '23 as a Justice of the State Supreme Court for the Sixth Judicial District, all four Justices for the district are graduates of the Cornell Law School. The others are Rowland L. Davis '97 of Cortland, Ely W. Personius '98 of Elmira, and Riley H. Heath '12 of Ithaca.

Gold has previously served as district attorney of Broome County and as assistant to the United States district attorney for the Northern District of New York, Ralph L. Emmons '18. More recently he has been practicing law in Binghamton as a member of the firm of Chernin and Gold. His appointment by Governor Lehman was confirmed by the State Senate May 4.

#### SPRINGFIELD GATHERS

Two Alumni Trustees from New England, Dean S. C. Hollister, Engineering, and Walter C. Heasley, Jr. '30, executive secretary of the Cornellian Council, were guest speakers at a meeting of the Cornell Club of Western Massachusetts in Springfield May 12. Thirty-five members of the Club attended.

Dean Hollister outlined in detail the expansion program of the College of Engineering and discussed the proposed new buildings, saying that the demand from industry for Cornell engineers is steadily improving. Trustee George H. Rockwell '13, of Cambridge, told the group he had "high hopes" that the \$15,000,000 needed for the Engineering College might be raised "right here in New England." Trustee Thomas I. S. Boak '14, of New Haven, Conn., spoke of the fact that the University is now operating on a balanced budget, and as a member of the advisory council on intercollegiate athletics reported that Cornell teams have these days "a will to win." Heasley discussed the Cornellian Council

Roll Call, in which the Western Massachusetts Club is cooperating, with about one half the Cornellians in that territory so far called upon.

John L. Dickinson '21, former president of the Club and chairman of its secondary schools committee, pointed out that ten boys from Western Massachusetts are now enrolled in the University, and twelve had been taken by the Club to the recent Cornell Day, largely through the interest of individual Cornellians. L. Peter Ham '26, president of the Club, introduced the speakers.

#### HAWAII TRACK MEET

School newspaper, Ka Punahou, for May 2, 1939, of the Punahou School of Honolulu, T. H., carries a banner headline and front page pictures reporting that Punahou won the annual Cornell relay games April 29, sponsored by the Cornell Club of Hawaii. By winning this meet, the school gained permanent possession of its third gold cup bearing a bas-relief figure of John Paul Jones '13, of which six have been given by the Cornell Club in the twenty-seven years of these games. Cups go permanently to the Hawaiian schools which win them three times.

Teams from seven schools competed this year. Score was Punahou 53, McKinley 51½, Kamehameha 19, Leilehua 13½, Farrington 7½, Iolani 7. Punahou athletes set two new meet records. Edwin Willett broke a seventeen-year-old mark in the pole vault with 11 feet 9½ inches, and the medley relay team set a record of 4 minutes 51.8 seconds.

As for every meet since the first in 1913, Professor Arthur L. Andrews '93 of the University of Hawaii was clerk of the course, and the meet opened with a gala parade of the schoolboy athletes, singing of "Alma Mater," and Cornell yells.

### NEW YORK CLUB PICTURES

This week we publish several pictures of the new Cornell Club of New York, which occupies the entire third floor of the Hotel Barclay, at Lexington Avenue and Forty-eighth Street. The cover shows the private Club entrance, at 107 East Forty-eighth Street, from which an elevator takes one to the pleasant rooms above.

The Club floor was entirely remodelled and redecorated under the direction of Bradley Delehanty '10, architect. Photographs are by the firm of Edwin Levick, Inc., with whom is John H. Levick '25.

### ALUMNI REORGANIZATION

Amendments to the by-laws of the Cornell Alumni Corporation appear elsewhere in this issue. These amendments are of greater significance to alumni than the usual alumni association's rules of organization.

Cornell's alumni groups have been operating during their entire history on a basis of complete independence. There have been four offices with paid employees; four completely autonomous, all-inclusive directing bodies; seven organizations of the alumni of the several Colleges, which hold no allegiance to any other group; and, incidentally, more than 100 local Cornell Clubs and more than 100 Class secretaries whose decisions are final with their constituents.

Significance of the amendments is that out of this potential chaos it is proposed to make potential order. There is provided a unified command and direction for all those whose vocation or avocation is Cornell alumni matters.

It is a testimonial to the affection and self-sacrifice of thousands of Cornell's active alumni that at no time in the seventy years has there been serious conflict among these groups and agencies. The fundamental reason for coordinating them is to form an organization that will perform its functions without delay and waste, and will undertake its task with a clear understanding of its rights and responsibilities.

The alumnus who will study the problem and come to Ithaca in June prepared to discuss it intelligently in the various meetings to which he is eligible will help to give the University an alumni organization that is capable of setting a new standard, here and elsewhere, for effective performance.

### HARTFORD KEEPS ABREAST

In Hartford, Conn., May 11, Dean S. C. Hollister, Engineering, and Walter C. Heasley, Jr. '30, executive secretary of the Cornellian Council, were guest speakers at a dinner of the Cornell Club of Hartford, in the University Club. President George Munsick '21 reported for the Club delegation to Cornell Day at Ithaca; Heasley spoke of the current Roll Call of the Council; and Dean Hollister told of plans for the expansion of the Engineering College, showed slides of the proposed new buildings, and answered questions about them.

MASTER of the Magenta Mug will be the title conferred upon the winner of a beard-growing contest announced by The Widow for the Spring Day celebration at "Tombstone Gulch" on Alumni Field. But with consideration for the contestants' women guests at the Navy Day Ball, the contest will be judged Friday in time to shave before the Ball.

"CLUB SKYTOP," the last open house of the year at Willard Straight Hall, drew more than 1,000 "patrons" who paid cover charge of five cents for a student floor-show on the terrace and dancing to two orchestras. Robert L. Bartholomew '41 of Moorestown, N. J. was master of ceremonies, and the show included songs, tap dancing, a ballet dance, and instrumental music.

BOOK AND BOWL will have as guest speaker at its annual banquet the evening before Spring Day, Carl Carmer, author of *Stars Fell on Alabama* and *Listen For a Lonesome Drum*.

MYRON C. TAYLOR '94 will give the principal address at the Law School Commencement June 1, in Myron Taylor Hall. Class marshals will be William T. Plumb, Jr. of Rochester, Lester H. Chase of Massena, Peter Ward of Buffalo, Henry H. Willmott of Watertown, and Emma R. Joy of Lansford, Pa.

SUN BOARD gave a surprise dinner in Willard Straight Hall May 19 to Jessica A. Holland, who has supervised the Sun office and seen student boards come and go for thirty years. She was presented with a silver vase suitably inscribed, and said that she sees a bright future ahead for the Sun. Other speakers were Foster M. Coffin '12, former Sun editor, and this year's editor and business manager, Daniel W. Kops '39 and Carl C. Joys III '39. Richard J. Rothman '40, the new

MASKED DESPERADOES, the Sun noted last week, staged a daring daylight holdup of the University Comptroller's office, mounted their horses, and galloped off down the Library slope without being apprehended. Simultaneously, posters appeared on the Campus signed by Sheriff Trigger Jed of Tombstone Gulch offering \$1,000 reward for their capture. Then one "Frederick C. James, grandson of Jesse James," had a letter in the Sun announcing that he would stop off in Ithaca this week on his way to the New York World's Fair. Conclusion is that all this has something to do with Spring Day!

business manager, presided and read greetings to Miss Holland from a score of former Sun men.

# NEW CORNELL ALUMNI ASSOCIATION

By-Laws To Be Voted Upon in Ithaca June 17

To implement the proposed reorganization of Cornell alumni activities, members of the Cornell Alumni Corporation and delegates of Cornell Clubs in good standing will vote on amendments to the by-laws of the Corporation at its annual meeting in Bailey Hall, June 17, at 10 a.m.

Reasons for the proposal to coordinate the work of the University's various alumni organizations, and accounts of how the present plan has been worked out by representatives of all of them, have appeared in previous issues of the ALUMNI NEWS. An outline of the proposed new Cornell Alumni Association and its organization chart are in the March-April Cornellian Council Bulletin, now being mailed to all Cornellians.

These amendments, designed to put the plan into effect, have been drawn up by a committee of the Corporation of which Elbert P. Tuttle '18 is chairman.

It is proposed to amend the by-laws of the Cornell Alumni Corporation at the regular June meeting of the Corporation in the following particulars:

1. To substitute for the name "Cornell Alumni Corporation," wherever it appears in the present by-laws, the name "Cornell Alumni Association."

2. To make specific changes as shown below, so that each numbered Article and Section of the present by-laws is amended by substituting in lieu of the present provisions the following:

## By-Laws of the Cornell Alumni Association

### ARTICLE I—NAME AND OBJECT

SECTION 1. *Name.* This association shall be known as the Cornell Alumni Association.

SECTION 2. *Object.* The purpose of this association is to promote the interests of the University and to foster among its members a sentiment of regard for one another and attachment to their Alma Mater, and the ideal of service to humanity.

Without limiting the activities of the Association to the purposes stated, it is nevertheless intended to serve as the general alumni organization of Cornell University, embracing in its membership all alumni of the University and performing such services as are of interest to all alumni. It has the further purpose of providing the administrative agency and executive personnel needed to provide for a continuity of alumni activity and interest. Insofar as specialized Cornell alumni agencies authorize it to do so, it has the further purpose of coordinating the activities of such agencies.

## Concerning THE FACULTY

DRS. DEAN F. SMILEY '16 and Edward C. Showacre, professors of Hygiene, Dr. W. Forrest Lee '06, and Dr. H. W. Ferris, director of the Tompkins County laboratory, have reported a newly-discovered disease of the respiratory tract in the Journal of the American Medical Association. They call the disease "acute interstitial pneumonitis" and base their report on a study of eighty-six cases among University students.

PROFESSOR ARTHUR A. ALLEN '08, Ornithology, heads an expedition which left Ithaca May 8 on a 10,000-mile trip to secure sound recordings and color films of birds of the Southwest. The expedition is sponsored by Albert R. Brand, Sp '33, research associate in Ornithology.

PROFESSOR HAROLD L. REED, PhD '14, Economics, is one of sixty-three members of the Economists' National Committee on Monetary Policy favoring repeal of the Silver Purchase Act of 1934.

PROFESSOR HENRY N. OGDEN '89, Sanitary Engineering, Emeritus, has been elected a member of the diocesan council of the Episcopal Diocese of Central New York.

PROFESSOR CLYDE W. MASON, PhD '24, Chemistry, lectured recently before Akron, Ohio, Morgantown, W. Va., and Pittsburgh, Pa., sections of the American Chemical Society. He discussed "Chemical Microscopy."

PROFESSOR GEORGE KREEZER '24, Psychology, presented a paper on "Recent Advances in the Investigation of the Electroencephlogram in the Field of Mental Deficiency" at the recent meeting of the American Association on Mental Deficiency, in Chicago, Ill. He has been elected chairman of the nominations committee of the Eastern Psychological Association.

NEW PROCESS for preserving commercial crops was described recently for the Associated Press by Professor Robert M. Smock, Pomology. The use of an anesthetic to preserve fruits was discovered at Cambridge University, England, where Professor Smock conducted research last summer on a University traveling fellowship. Cornell has tested and developed the first applications of this discovery in the United States, using McIntosh apples and Bartlett pears. Fruit stored

in a sealed container will itself produce enough carbon dioxide in ten days to become "anesthetized," and may be stored thus for considerable lengths of time without deterioration.

MRS. RALPH S. TARR, widow of Professor Tarr, Physical Geography, died May 12 in Clifton Springs. She was the mother of Russell S. Tarr '15 of Tulsa, Okla.

PROFESSOR HOWARD B. MEEK, Hotel Administration, has been elected president of the Ithaca Rotary Club for 1939-40.

PROFESSOR GEORGE M. SUTTON, PhD '32, Ornithology, curator of birds, has returned to Ithaca after two months in Mexico, collecting ornithological specimens. Frederick W. Loetscher, Jr., Grad, was a member of the expedition which brought back some 250 types.

He said in his letter of resignation, "This action . . . seems to me a flagrant violation of academic freedom and an insult to scholarship and humanity. Acceptance of it involves the Academy in responsibility for political principles which are abhorrent to me. For these reasons I must resign my corresponding membership . . . I have considered it a great honor to belong to the Bavarian Academy, which in the past has stood for the highest standards and ideals of science and scholarship . . . H. H. WILLIAMS '25, *Director*

'12—As a curtain-raiser for its Dix Plan Reunion this June, twenty-one members of the Class of 1912 in the Metropolitan area dined at the Cornell Club of New York May 12. Stanton C. Finch, chairman of the New York committee, presided. Greetings from Ithaca were brought by the Class treasurer, Louis C. Boochever, Director of Public Information of the University.

In attendance were Admiral Dewey, Jake Fassett, Sarge O'Connor, George Hopp, Hap Flanigan, Dave Weaver, Oz Rothmaler, Dale Carson, Dee-Dee Merrill, Jack Stoddard, Roy Lane, Joe Grossman, Al Hess, Top Machat, Nat Behr, Signior Cuccia, Mac Parnes, Clarence Busch, and Walt Kuhn, Reunion chairman.—L.C.B.

## June 16 '18 25TH REUNION

There is rather a painful business we will have to confess:

In our second Pastoral Letter we announced with pleasure that Fred Owen of Augusta, Maine, was coming, and bringing his granddaughter, Helen Louise Harker.

Fred Owen immediately wrote in, and said he was getting a whale of a kick about seeing a granddaughter he had never heard of. But he said he was having a hard time explaining things to his wife.

And Edward (Spike) Murray wrote in the same mail, very much puzzled to find that his granddaughter had somewhere picked up Fred Owen for a grandfather.

Well, it was just one of those little confusions that happen in committee meetings, as they say they happen in Maternity Wards.

When Helen comes, we will put a tag on her, and a tag on the right grandfather.

By the way, I hope we won't have to put a tag on any of you fellows.—M. B.

These women of the Class of '14 are "surely returning" for the Reunion: Mrs. Elam J. Anderson (Colena H. Michael), Mrs. Harold H. Clapp (Annie L. Alberger), Ethel L. Cornell, Mrs. Roger H. Cross (Grace C. Bristol), Mrs. Nathan W. Dougherty (Agnes A. Monteith), Mrs. Charles D. Farlin (Bernice L. Spencer), Eva M. Haigh, Mrs. James F. McKinney (Louise C. Bontecou), Mrs. Richard A. Mordoff (Laura C. Fish), Hazel G. Ormsbee, Mrs. Lee H. Schminck (Ruth H. Boyer), Olga P. Schwarzbach, Mrs. Leonard J. Trump (Clara W. Keopka), Mrs. J. Shepard Webb (Dr. Jennette Evans), Mrs. Charles W. Webb, Jr. (Susan M. Bontecou), and Mrs. Paul Work (Helen G. Nicholas).—E.M.H.

The 1916 Plan is gathering momentum. A large number have already started their Reunion Bank Accounts with the Passaic National Bank and Trust Company, Passaic, N. J., and the signs and portents are most encouraging.

We wish that everyone who hopes to be back in 1941 would start one of these accounts, regardless of his present state of affluence or his sense of complete social security. If the monthly payment idea leaves you slightly frigid, just send in a good, round, heart-warming sum at one fell swoop. Many have done so. It will be accepted without cavil and will be no end encouraging to the committee.

"Another little drink won't do us any harm," according to the lyrics of an old familiar lay, and another little bank account won't hurt you, either. So give, brother, give.

Eighty-six '16ers have already signed up to be with us in 1941, the slings and arrows of outrageous fortune permitting.

*Adopt the 1916 Plan!*—H.F.B.

# New "Cold-Wall" FRIGIDAIRE

## Built on Entirely New Principle !

### A GENERAL MOTORS VALUE

**Amazing new principle saves food's vital freshness from drying out! Preserves flavor, color, nourishment for days !**

● Imagine keeping even highly perishable foods vitally fresh for days on end! Now, for the first time . . . thanks to Frigidaire's astonishing new "Cold-Wall" Principle . . . it is possible to prolong food's original freshness for days longer than ever before!

This means you save not only the food, but the VITAL VALUES you pay for in food! Natural nourishment and fresh flavor stay in . . . *because they don't dry out!* Think what this means to health and appetite . . . particularly that of growing children!

Fresh fruits and vegetables do not lose their attractiveness through wilting, shrinking, changing color! Left-over meats, peas, beans, even mashed potatoes . . . stay as delicious as when first prepared. And they needn't even

be covered! For with the new "Cold-Wall" Principle, food is not dried out by moisture-robbing air currents. Odor-and-flavor transfer is also checked.

*Convince yourself . . . in 5 minutes. See Proof.* Only the new "Cold-Wall" Frigidaire can give you such vital advancement. Only Frigidaire gives you the famous METER-MISER for record low operating cost . . . the new MEAT-TENDER for saving fresh meats . . . SUPER-MOIST HYDRATORS for keeping fruits and vegetables crisp. Only Frigidaire gives you General Motors dependability and long life. Yet . . . the new "Cold-Wall" Frigidaire costs no more than ordinary "first-line" refrigerators! See it today. See Frigidaire's other models, too—for every need and budget. Also the new Frigidaire Electric Ranges and Water Heaters. Every one a great General Motors Value!

#### HOW AMAZING "COLD-WALL" PRINCIPLE WORKS

#### NOW, FOR THE FIRST TIME

① THE NEW "DEW-FRESH SEAL"—A SOLID GLASS PARTITION—DIVIDES THE CABINET INTO 2 COMPARTMENTS.

and

② THE LOWER COMPARTMENT IS REFRIGERATED DIRECTLY THROUGH THE WALLS BY CONCEALED REFRIGERATING COILS.

This provides all 3 essentials for keeping foods vitally fresh longer than ever before! 1. Uniform Low Temperatures. 2. 85 to 100% Humidity. 3. No Moisture-Robbing Air Circulation. All without adding a single moving part! ONLY FRIGIDAIRE HAS IT!

**ONLY FRIGIDAIRE HAS QUICKCUBE TRAYS...** Imitated but never equalled—because they're 1. *Easier to use*—just lift one lever and cubes are free, two or a trayful. 2. *Built Sturdier*—to stand hard, constant service. 3. *Faster Freezing*—made of heavy gauge metal in every part. 4. *Better Looking*—styled trim and modern. Compare—and you'll want only genuine FRIGIDAIRE QUICKCUBE TRAYS.
