SUMMER SESSION, EXTRAMURAL STUDY, AND RELATED PROGRAMS

ADMINISTRATION

Charles W. Jermy, Jr., acting dean

Jennifer T. Cook, summer session catalog production manager

Alicia Dowd, division media manager

Judith K. Eger, director, Programs in Professional Education and Special Programs

Mary K. Gloster, administrative course coordinator

Margaret L. Haine, director, Cornell University Summer College

Ralph Janis, director, Cornell's Adult University

Judy M. VanDermark, director, Cornell University Conference Services

Valerie A. Sellers, director of administration

Diane E. Sheridan, director of finance

Colleen M. Emerick-Daniluk, registrar, summer session and extramural study

THE DIVISION

Cornell University's Division of Summer Session, Extramural Study, and Related Programs provides a wide variety of educational opportunities beyond the degreegranting programs of the university. These programs serve virtually all age groups in a great variety of formats and time frames. The division office is located in B12 Ives Hall, Ithaca, New York 14853-3901 (telephone: 607/255-4987).

SUMMER SESSION

The Cornell University Summer Session provides unique and unusually attractive opportunities for study and recreation at a time when the Cornell campus and the Finger Lakes region of central New York are at their loveliest and the Ithaca weather is at its best. Participants may choose from a wide spectrum of courses scheduled during three-, six-, and eight-week sessions. In addition, dozens of special programs are presented in varying formats, including on-site fieldwork and overseas study. Although admission is open to persons of all ages, the majority of summer session participants are matriculated Cornell students. Classes meet daily and are usually kept small to foster a close association between students and teachers. For information, consult the Summer Session Office, B12 Ives Hall, or call 607/255-4987.

High school juniors and seniors may attend regular university courses and explore career options through Cornell University Summer College. For information, write Cornell University Summer College, B12 Ives Hall, or call 607/255-6203.

EXTRAMURAL STUDY

The extensive credit-course offerings of the university are available to area residents on a part-time basis. Those interested may apply for admission to practically any course in the university and will be admitted if they receive the instructor's written approval. The division also offers an Official Visitor's Program that allows persons to attend classes in many divisions of the university on a space-available basis at a reduced charge. Visitors are required to obtain written permission of the instructor. In this program no credit is given and no record is kept of attendance or performance. Between the fall and spring terms the division offers winter session credit courses primarily for undergraduates but open to anyone. For information, contact the Extramural Office in B12 Ives Hall or call 607/255-4987

PROGRAMS IN PROFESSIONAL EDUCATION

Because of Cornell's leadership in both theoretical and applied research, the university offers unique opportunities for professional growth to persons in science, technology, government, business, and industry. The division's Programs in Professional Education are intensive updates taught by Cornell faculty members whose research involves areas of importance to the corporate sector and the professions. Programs in Professional Education can also respond to the needs and interests of corporations and professional societies by developing programs both on and off campus that are suited to their particular educational purposes. For information, telephone 607/255-7259.

CORNELL'S ADULT UNIVERSITY

Cornell's Adult University (CAU) offers one-week noncredit courses on campus during the summer and weekend seminars at off-campus locations during the fall and spring. Originally conceived as a program for alumni, CAU has greatly broadened its mission in the area of adult education. All courses and seminars are inspired by the belief that learning never ends and that one of the roles of a great university is to provide a bridge between traditional, formal education and informal, noncredit study. For information, consult Cornell's Adult University, 626B Thurston Avenue, or call 607/255-6260.

CONFERENCE SERVICES

Excellent facilities, a beautiful campus, and a conference office concerned with each group's special needs make Cornell an ideal setting for conferences and meetings. Professional groups from all over the country come to Cornell to take advantage of this special learning environment. The staff is available to answer questions, advise on creative program ideas, assist in planning, make special arrangements, secure accommodations, and handle other administrative details. For information about conferences at Cornell, consult Cornell University Conference Services, Box 3, Robert Purcell Union, or call 607/255-6290.

CONTINUING EDUCATION INFORMATION SERVICE

The extramural study registrar provides free information, counseling, and referral to women and men who have been out of school for several years and want to resume their education. Anyone who wants to take courses, begin an undergraduate or graduate degree program, or complete an unfinished degree is welcome to meet with the registrar. Information is available on all schools and departments of the university; opportunities for part-time and full-time study; special courses, workshops, and seminars; and community resources for older students. A small library includes information on educational opportunities at local institutions of higher learning, financial aid, work-study programs, and admission procedures. For information, contact Continuing Education Information Service, B12 Ives Hall, or call 607/255-4987.

SUMMER COURSES

The Cornell University Summer Session offers a wide variety of courses. The list that follows includes those courses that are usually offered every summer. The list is not exhaustive; many new courses or courses offered only occasionally are not listed. For complete information, contact the Summer Session Office, B12 Ives Hall, or call 607/255-4987. The summer session catalog is published in February. A preliminary course roster is also available on CUINFO beginning in November.

Africana Studies

- 100 Black Leaders and Movements in South Africa
- 209 African Dance Improvisation
- 264 Modern Southern African and American Literature
- 484 Politics, Conflict, and Change in South Africa
