ACADEMIC affairs come to an end with a bang, and it always seems a sudden transition from Spring Day to Commencement. By the time this paragraph is read most of the final examinations will be over. Already student life, as such, is ended; the *Sun* ceased publication on May 28 and no dances are scheduled. A brief flare-up at Commencement time will feature the Senior Ball, the Class Day issue of the "only college daily," and various concluding festivities. Then the Campus will know only the pleasing vocalizations of the orioles until the opening of Summer School, with its influx of school teachers and collegiate lame duck.

DEBATERS, already looking toward next year, are scheduled to take part in four intercollegiate triangular contests, meeting Columbia, Yale, Williams, Pennsylvania, Dartmouth, Wesleyan, Amherst, and Brown.

THE ORCHESTRA, completing a successful year, has elected George S. Butts '25, Agriculture, of Sodus, as president; Thomas G. Rickert '25, Arts, has been appointed concert master.

A WAR MEMORIAL site was dedicated last week in Dewitt Park, Ithaca, and the occasion was notable as marking the second time in history that Professor Durham has lost his voice. He had been scheduled to speak at the exercises, but on the preceding night had done yeoman service in dissuading freshmen from committing any depredations downtown, following the annual cap-burning. Dr. Martin D. Hardin of the First Presbyterian Church spoke in the place of Professor Durham, whose only previous loss of voice happened during the Four-Minute days of War times.

THE SUMMER SCHOOL opens on July 5 with a teaching staff said to be larger and stronger than that of last year. A heavier registration is expected, on the basis of advance inquiries. The session closes on Friday, August 15.

TICKET distribution to work injustice to none and a reasonable degree of equality without the necessity for all-night vigils for choice reserved seats, has presented a problem to the Athletic Association and to prospective spectators. The graduate manager offered a prize of \$25 for the best plan to obviate the difficulties. The prize was awarded to Harvey J. Kern '26 of Yonkers, by a committee of five undergraduates. His plan involves a single night-long wait in line, which is said to be a desirable convention for fraternity freshmen. The other points are not presented

here, because they involve algebraic formulae, a book of logarithms, and also a slide rule.

THE DRAMATIC CLUB concluded its eighteenth season, of seven sets of performances consisting of five groups of one-act plays and two full-length dramas, —George Bernard Shaw's "Arms and the Man," and John Galsworthy's "Strife." Those in the Club look on the 1923-4 season as the most successful in the history of the organization.

CASCADILLA defeated Stone School of Boston in the crew race postponed from Spring Day. It was rowed at noon the following Monday and was won by not more than four feet.

THE NAVY HOP, held in the Drill Hall, had about nine hundred couples. The decorations of flags and the national colors were dignified and effective.

FINES collected from freshmen who attempted to rush the movie theaters after the cap-burning enriched the Ithaca City treasury just one hundred good American dollars. At the Strand, where a vaudeville program was being presented, the performers in two of the acts came out front and gave a complimentary show on the sidewalk.

THE ERA is not likely to be published next year, even as a literary quarterly, if the plans of the present board are carried out. The *Graphic* as an illustrated rotogravure magazine has made money, and the *Era* has consistently lost money; so the *Era* Corporation, after several lean years, has practically decided to concentrate on giving the Cornell public what it seems to want. A *Police Gazette* issue of the *Graphic* sold about two thousand copies in a few hours on the Campus; the final issue of the literary paper sold just forty-eight copies in several days. If a group of litterateurs wishes to keep the *Era* alive for old times sake, or until undergraduate tastes improve, the *Era* Corporation will dispose of the name and goodwill for the price of its debts.

PRESIDENT FARRAND gave one of the talks to Seniors which have marked his administration, meeting them in Bailey Hall at noon on May 30, when all classes were excused for the noon hour.

CRITICS of *The Cornell Daily Sun*, as well as its friends, were invited by the *Sun* to dinner at the Johnny Parson Club last week. Some extolled it as the best college daily; others, granting that thesis, told wherein it might be bettered. All were freely invited by the retiring editor, Jerome W. Thompson '24, to speak their

minds freely right out in meeting or to "forever hold their peace."

ELIZABETH S. ALLYN '25 of Rochester, the student who suffered a fractured skull in falling into the gorge above Beebe Lake on April 25, has so far recovered as to be able to return to her home after a month in the Infirmary.

HELEN M. ROCCA of the speakers' bureau of the League of Women Voters gave four lectures last week to students in home economics on the effects of legislation on home life, and on the duties of women on political questions.

THE THUMTACK CLUB is holding an exhibit of work by its members in White Hall. Next fall it plans an invitation exhibit for the work of present and prospective members at the beginning of the school year.

THE BARNES Shakespeare Prize has this year been awarded to Henry F. Cook '24 of Albany for his essay, "Why Consider Shakespeare?" This prize, amounting to about \$50, was founded in 1887 by the late Mrs. Alfred Smith Barnes of Brooklyn, to be given annually for the best essay by an undergraduate on the writings of Shakespeare.

NAVIGATION improvement by the Barge Canal Commission to widen and straighten the Inlet channel would furnish a wonderful insurance of some sort of a race on occasions such as the past two in which Harvard has been a participant, one of which was not rowed at all, and the other over a winding, narrow, dark strip of water over which the Harvard crew had not previously rowed.

MOTOR BUS service between Ithaca and Cortland has brought a newest type inter-urban thirty-two-passenger automobile into the Finger Lakes region. It weighs nearly eight tons, has a seventy-two horse power motor, and is capable of a speed of fifty miles an hour, though its schedule calls for only thirty.

MRS. S. E. JONES, mother of Professor Horace L. Jones, Ph.D. '09, of the Department of Classics, died at her son's home, 120 Wait Avenue, on May 23. The funeral was held at Jefferson City, Tennessee, on May 26.

BERNHARD E. FERNOW, M.E. '04, A.B. '06, who has been an instructor in experimental engineering here since 1921, goes next year to an assistant professorship in Worcester Polytechnic Institute.

DEAN DEXTER S. KIMBALL is to be the commencement speaker at the Michigan Agricultural College on June 16 next.

SPORT STUFF

The cycle of the academic seasons sometimes becomes a bit repetitive. The freshmen come in and receive much good advice. Class numerals appear on real property. One rather comes to expect football games in the fall. Examinations invariably follow Christmas vacations. Junior Week and bust notices follow examinations and then come the mumps. The regularity of events becomes in time unexciting and each year it is harder and harder to become worked up about the excesses of the Freshman Banquet.

But to the oldest and most blasé resident of the Campus each Commencement is fresh and new and thrilling just as the awakening of nature in each recurring spring is fresh and new and thrilling. No one wants to be out of town when the Old Grads come back for reunion and when the academic procession moves across the shadowed lawns of the quadrangle.

And those reunions are becoming more and more fun every year. More men are coming back and they are getting the same kick out of it that the rest of us do who live here.

If you haven't signed up to come this year, come anyway; you don't have to worry about preliminary arrangements. There'll be a car at the station to meet you, a breakfast all ready and a regular bed in a regular room all set.

Let things slide for a couple of days and come. R. B.

'14 LAYS ITS PLANS

On Friday evening, May 23, the New York members of the Class of 1914 held a successful reunion dinner at the Cornell Club of New York. Of a total of about one hundred and fifty members in the Metropolitan area, more than 50 turned out for this dinner. This constitutes some kind of record, according to President Jimmy Munns, who in a brilliant burst of oratory predicted an attendance of over two hundred at Cornell's greatest reunion next week. Howard Fritz was of the opinion that this estimate was too conservative; but "Tink" Sprague rose to the occasion and moved that inasmuch as the Class of 1914 had always been noted for conservatism, the figure be allowed to stand at two hundred.

Word has been received from the "Great Open Spaces" that the "Wild & Woolly" delegation is going to proceed toward Ithaca via Rolls-Royce and Packard, while the "Sun-Downers" from the Coast have arranged for private cars—and what of the "Effete Easterners"? In terms of transportation, as well as numbers and enthusiasm, the East, as usual, easily leads. Let it be known that the Hon. Frank Lehigh's railroad is providing not only private cars, but special trains for the occasion with the most modern conven-

iences. The entire Class, regardless of location and mode of travel, is praying for four days of good weather in which to renew old acquaintances and visit the old places.

Are You Coming?

Alumni in all Parts of Country Prepare to Come to Ithaca June 13-15

Except for those old grads who live in California and points west, or in Liverpool and points east, there will still be a day or two left to pack up for Ithaca after reading this reminder that the reunions of 1924 give promise of being such a celebration as no Cornell man or woman will be willing to miss. According to the official records twenty classes will be back; but the modern Cornell reunion attracts so many miscellaneous classes that any alumnus is assured of a greeting by old friends.

The program printed elsewhere in this issue includes only the general events. Each class is arranging its own activities to fill in the remaining hours. As is already well known, reunions will be held by the following classes: '69, '74, '75, '76, '77, '79, '84 (and the rest of the Early Eighties), '89, '94, '95, '96, '97, '99, '09, '13, '14, '15, '16, and '22. Any members of these classes who have not been in communication with their reunion committees are urged to notify the Alumni Representative in Morrill Hall 31, Foster M. Coffin '12. He will pass the word on to the interested committee men. If the decision is of the eleventh hour, no one should stay away because of lack of opportunity to send advance word. There will be ample accommodations for all. Information concerning accommodations and any other points in connection with the reunion may be had at the general reunion headquarters in the Drill Hall.

The reduced railroad rates will apply this year from practically all points east of the Rocky Mountains. Each alumnus is urged to make application for a convention certificate when purchasing his ticket. He will pay full fare to Ithaca and will present that certificate for validation at the temporary railroad office which will be maintained at the Drill Hall. Inasmuch as the required minimum of two hundred and fifty certificates were presented last year and in 1922, there is little doubt that the reduction—half fare on the return trip—will be made.

The rate will not apply from the New England territory. Alumni coming from there are advised to purchase full fare tickets to some point in New York state, and to request the convention certificate from that point.

Mail and telegrams for alumni back for the reunions may be addressed in care of the Alumni Representative, Morrill Hall. Ithaca operates on Eastern standard time.

CLUB ACTIVITIES

St. Louis

The Cornell Club of St. Louis turned out en masse at the Municipal Theatre on May 26 to do honor to Charles Previn, '10, musical director of the Municipal Opera Company. The members of the club had a special block of seats, and after the performance had a buffet luncheon at Bush's Grove.

For June 7 the Club has planned a boatripe on the Limpin' Liz to "the Bahamas." Fred Lipperman '13, of the Wagner Electric Company, is in charge of the transportation. The boat leaves from the foot of East Grand Street at one o'clock.

Pittsburgh

The weekly luncheons of the Cornell men of Pittsburgh have been so popular this year that they will be continued through the summer. There will be no speeches, merely an opportunity to gather around a table once a week with other alumni for a sociable hour.

The group will meet on the 17th floor of the William Penn Hotel instead of in the Hawaiian Room, every Friday noon at 12.15.

Bay Cities Women

The Cornell Women's Club of the Bay Cities of California were luncheon guests of Mrs. David Starr Jordan '90 on Saturday, May 10, in the new Jordan home on the campus of Stanford University.

Besides Dr. and Mrs. Jordan, Palo Alto Cornellians present were Mrs. Charles B. Wing (Marian Colt '91), Mrs. Joseph W. Bingham (Florence Cornell) '06, Mrs. Charles D. Marx (Harriet Grotecloss) '85, and Louise W. Katz '99. Among those who motored down from Berkeley, Oakland, and San Francisco were Mrs. Nathaniel L. Gardner (Edith Jordan) '01, Mrs. E. A. Bridford (Gertrude Payne) Sp. '94, Mrs. Carol Aronovici (Florence Parsons) '05, Mrs. Finis E. Yoakum (Wilhelmine Wissman) '11, Mrs. Walter Mulford (Vera Wandling) '03, Mrs. Edgar A. Weymouth (Hester Tefft) '05 and Mrs. J. J. Rosedale (Esther Toor) '10.

Dr. Jordan presided at the long table and two small tables were headed by Mrs. Jordan and Mrs. Harris J. Ryan. The occasion was a very enjoyable one, adding another to the list of successful spring meetings the Cornell Club has enjoyed at Palo Alto.

New York

At the May meeting of the Cornell Club the following fifty-three members were elected: Frederick V. Coville '87, Sherwood J. Larned '90, Robert B. Wilcox '90, William A. Clarke '92, Dr. Abram T. Kerr '95, Frank C. Wolfe '95, Earl Stinson '96, Joseph E. Mount '97, Daniel A. Reed '98, George R. Raines '00, Chauncey T. Edgerton '01, Archie E. MacBride '01, William B. Beals '02, Horace D. McMullen

'04, Horace Dulin '05, Andrew J. Haire, Jr., '05, Richard A. Wright '05, Paul E. Lesh '06, Charles G. Renold '06, Samuel R. Schwartz '06, Alexander C. Speyer '06, John C. Wilson '06, Alfred D. Blake '07, Harry H. Gildner '07, Harold D. North '07, W. R. VanCampen '07, Frank H. Dunbar '09, Gustav J. Requardt '09, William J. O'Brien '10, John B. Smith, Jr., '10, Augustus J. Brown '11, Clarence H. Davidson '11, George P. Buchanan '12, Walter G. Distler '12, John L. Wilson '12, John H. Small '13, Robert A. Doyle '14, Clayton W. Cousens '15, Edward J. Flannery '15, Sidney A. Davis '16, John E. Fliteroft '16, Henry D. Hukill '16, John W. McAllister '16, Edgar C. de Laski '17, Ellsworth L. Filby '17, Anthony O. Baldrige '20, William B. McMillan '22, Robert F. Redding '22, Edward P. Diehl '23, Harold L. Furst '23, Frederick J. Schlobohm '23, Alexander G. Skutt '24 and Irvin T. Monroe '25.

This makes a total number of elections for the campaign of fifteen months of 1113.

The annual spring smoker of the Club is scheduled for June 5.

VOLUNTEER YOUR CAR

Alumni who will be in Ithaca with their cars from June 12 to 15 can make a real contribution to the success of the reunions. Twenty-five volunteers are needed to meet all trains and handle passengers to and from the various events. Even though the modern reunions are centered on the Hill, there is ample opportunity for service that will be appreciated.

The "Reunion Bus" squad will be in charge of William J. (Bill) Norton '02, the energetic secretary of the Class of '02. Volunteers are asked to notify the Alumni Representative, 31 Morrill Hall, or to report at the information booth at the Drill Hall.

ALUMNI CORPORATION TO MEET

The annual meeting of the Cornell Alumni Corporation will be held on Saturday, June 14, at 10.30 a. m., in Goldwin Smith B. It will be the first meeting in Ithaca since the reorganization of a year ago, when the Corporation succeeded to the position formerly held by the Associate Alumni of Cornell University.

The officers have promised a distinct innovation in the meeting this year. There will be a minimum of "annual reports," with particular emphasis on short but informative talks by President Farrand and Judge Cuthbert W. Pound '87, Alumni Trustee. Announcement will be made of the two winners of the balloting for Alumni Trustee, for which the candidates are Dr. Mary M. Crawford '04, Frank E. Gannett '98, Edwin N. Sanderson '87, and Roger H. Williams '95. Walter P. Cooke '91, Trustee of the University, will conduct the meeting as president of the Corporation. The meeting will adjourn well before the general luncheon in the Drill Hall, where the University is host.

ATHLETICS

Yale Wins Intercollegiates

A good dual meet team is not a strong intercollegiate contender, if that team does not possess quite a number of first class athletes. Hence Cornell was not a factor in the annual intercollegiate track and field championship games at Cambridge, last Friday and Saturday, won by Yale for the first time in twenty years, with Pennsylvania second, and Stanford third. The Far Western invaders were turned back for the first time since 1921, the University of California having won the last three championships.

The standing of the teams follows: Yale 28, Pennsylvania 27, Stanford 24½, Princeton 23, Penn State 21, Southern California 14, Johns Hopkins 13½, Harvard 13, California 13, Boston College 12, Cornell 10½, Dartmouth 8, Georgetown 7, Syracuse 5, M. I. T. 5, Colgate ½. The winner's relatively low score, and the fact that only seven points separated the teams in first and fifth positions, gives some idea of the closeness of the competition.

The Cornell team did about what could be expected of it, though it suffered one disappointing experience. In the two-mile run Captain Edward B. Kirby, running nicely, was coming up into a favorable position, when he suffered an upset that deprived him of any chance for first. In the sixth lap he came up with the

leaders and sought to get in behind Verne Booth, champion and pacemaker. He collided with Lermond of Boston College, and sprawled to the ground. When he arose he had a badly skinned knee. The fall cost him thirty yards. As it was he managed to finish fourth.

Harvey S. Gerry, by a fine spurt, came in third in the mile run, after Enck of Penn State and Canavaugh of Boston College. Henry A. Russell finished fourth in the 220-yard dash, though he failed to place in the hundred.

In the high jump Albert G. Doppel tied with three others for second place at 6 feet 5-8 inches; and Ernest W. Bowen got fifth place in the hammer throw, with a heave of 152 feet ¼ inches. This was the best throw of his career.

In the trials Friday Cornell failed to qualify in the high hurdles, quarter and half-mile runs, discus and javelin throws and pole vault. Otto C. Jaeger qualified in the low hurdles, but failed to place Saturday.

The team simply lacked enough stars to make a real showing in a meet in which points cannot be won nowadays except by stars.

Arts Intercollege Track Winner

Arts won the intercollege track meet on Schoellkopf Field Saturday, scoring 81 points to Engineering's 73½. Other colleges finished as follows: Agriculture 48, Architecture 10½, and Law 2.

M. E. First on Water

The intercollege crew championship went to M. E., whose crew defeated Ag over the Henley course of a mile and five-sixteenths last Tuesday afternoon. These were the only two of the five crews scheduled to row the original race on Navy Day, which entered the postponed finals.

Win Baseball Game from O. S. U.

An eighth inning rally, in which four hits sent three runs over the plate, gave Cornell a 6 to 4 victory over Ohio State on Hoy Field Saturday. The Buckeyes, leaders in the Western Conference baseball race, got away to a flying start, scoring two runs in the first inning when they landed on Harrington for four hits. Although Cornell scored once in the second and twice in the fifth, the visitors were leading as the game neared its climax. Then singles by Wendt and Bickley, a double by Tone, and a triple by Rosomondo sent three runs across the plate.

Ohio State was held scoreless in the ninth inning.

The Buckeyes found Harrington easy, and in the second inning with the bases full Whitney was sent to the mound. He was coolness personified, and so effective that the Buckeyes got only four hits off his delivery, one a home run by Klee in the fifth inning. He struck out nine men. Workman, the Ohio State pitcher, was hit safely twelve times, but he was usually effective in pinches. Twice, with the bases

DOCTOR SCHURMAN IN CHINA

In the course of a days outing on March 27, Dr. Schurman and three other Americans walked five hours from Peking to and from the Temple of Chieh T'ai-szu in the Western Hills, where they spent some time walking about the Temple grounds. In this picture, taken in one of the Temple Courts, Cornell's former president is flanked on either side by a grandson of the famous Prince Kung, brother of the Emperor and negotiator of the Treaty of 1860. These descendants are now recluses in the Temple.

AMERICAN STUDENTS IN EUROPE

The Paris office of the American University Union at 173 Boulevard St. Germain reports that during the academic year now closing there were over three thousand American students in France, 429 of whom were enrolled at the University of Paris and 1,348 at other Parisian institutions of learning. Forty-six American candidates are now applying for the doctorate at French universities. American students at French provincial universities number 434, and 791 students are engaged in independent study or research. Students going to France to study will find their progress facilitated by inquiry at the Union office. The London office of the Union is at 50 Russell Square, W. C. 1, where similar information may be obtained and reader's tickets for research in the British Museum Library applied for.

Professor Charles M. Gayley, of the University of California, has been invited to serve as director of the British Division for the academic year 1924-25, and Professor H. Carrington Lancaster, of Johns Hopkins, as director of the Continental Division.

OBITUARY

Eads Bates '99

Word has been received of the death on May 1, of Eads Bates at Boulder, Colo.

He came to Cornell from Dardenne, Mo., in 1885 as a student of chemistry and remained until 1888. He was a member of Delta Upsilon.

John Willig, Sp. '00

Belated news has arrived of the death in 1919 of John Willig.

He was born on February 11, 1882, the son of Mr. and Mrs. Matthew Willig, and came to Cornell in 1900 from Irvington, N. Y. He remained as a special student only one year.

Bertha Hoverstad '00

Bertha Hoverstad died on April 19 at Fairbault, Minn.

She was born on June 28, 1858. After attending the University of Minnesota, from which she graduated in 1899 with the degree of B. L., she came to Cornell from Holden, Minn., and remained until 1902. In 1900 she received the degree of A. M. Her work here was in English and philosophy.

Mark B. Bacon, Sp. '05

Mark Balderston Bacon died on October 16, 1923.

He was born on November 9, 1881, the son of Mr. and Mrs. Samuel A. Bacon. After attending the Friends' Select School at Philadelphia, he came to Cornell in 1904 from Haddonfield, N. J., as a special student in Agriculture and remained for one year.

Florence A. Rider Sp. '06

Florence Albertson Rider died in August, 1923.

She was born on February 23, 1879, in Washington, D. C., the daughter of Mr. and Mrs. Alfred P. Rider. After attending the Drexel Institute in that city, she came to Cornell in 1904 as a special student in arts and later in agriculture. She remained until 1906.

Edwin H. Smart Sp. '09

Word has just come that Edwin Hezekiah Smart died on May 21, 1920.

He was born on May 26, 1874 at Provo, Utah, the son of Mr. and Mrs. H. B. Smart. After getting his early education there and attending Stanford for a time, he came to Cornell in 1907 as a special student in agriculture and remained until 1909.

Brice J. King, Jr., '17

Owing to a typographical error, the date of the death of Brice J. King, Jr., was given incorrectly in our issue of May 22. The correct date is March 18, 1918.

Mrs. Florence G. Richardson '19

News has just been received of the death on June 30, 1922 at West Brookfield, Mass., of Mrs. Florence G. Richardson (Florence Elizabeth Gilbert).

She was born on August 16, 1895, the

daughter of Mr. and Mrs. L. A. Gilbert, and after attending school in Ithaca, entered Cornell in 1915 as a special student in the College of Agriculture. She remained one year.

HIKERS NOT CORNELLIANS

Various newspaper clippings have been received in Ithaca telling of the trans-continental hike from New York to Oregon by two New York girls, Roberta Davis and Jeanne Zellermayer. The girls left New York last September, going west around the Southern border. The Cornell interest in the story lies in the reports that the girls are both graduates of the University. The records do not show that either of them ever attended Cornell.

THE ENGAGEMENT of Miss Grace Newmark of Westmount, Quebec, to Roger W. Blakely, instructor in animal husbandry, has been announced.

ROMEYN BERRY '04 officiated on May 3 at the triangular track meet between Pennsylvania, Dartmouth, and Yale at New Haven.

PROFESSOR FLOYD K. RICHTMYER '04 is secretary pro tempore of the Optical Society of America, succeeding Irving L. Priest of the Bureau of Standards.

LITERARY REVIEW

A New Sort of Manual

Farm Engineering: Farm Mechanics, Vol. 1. By Professors Byron B. Robb '11 and Frederick G. Behrends '16. New York. John Wiley & Sons, Inc. 1924. 21 cm., pp. xvii, 454, figs. 470. Price, \$2.50 net.

Written as a manual designed frankly to teach by practice certain mechanical jobs that confront every farmer, this book sets a new standard in its arrangement and presentation. Each of the ten chapters is devoted to a single sort of mechanical work, such as harness repairing, knots, hitches and splices, painting, farm drainage, concrete work, belts, pulleys, and shafting. Each contains statements of certain jobs, the tools and materials needed, and explicit numbered directions for doing those jobs. Following these directions in each chapter are simple statements of the principles upon which the work is based.

The book is well and profusely illustrated with drawings and photographs, plainly printed, and well indexed. It should be equally useful as a textbook for vocational classes and as a general handbook of information for any farmer.

It is the first to appear of the Wiley Farm Series, edited by Professor Carl E. Ladd '12 of the College of Agriculture and

A. Kendall Getman '11, supervisor of agricultural education in the New York State Department of Education. The forthcoming books of this series, many of them being written by other members of the Agriculture Faculty, will follow the same plan. Professors Robb and Behrends are working on other volumes in Farm Mechanics which will deal with gas engines, tractors, and other farm equipment not covered in the present work.

Books and Magazine Articles

The Yale Alumni Weekly for May 9 includes an obituary of the late Dr. Ernest Fox Nichols '93, who was a professor of physics there from 1916 to 1920.

Professor Joseph Q. Adams's "Life of Shakespeare" is reviewed in *Studies in Philology* for April by Professor Thornton S. Graves.

In *School and Society* for May 10 Professor Boyd H. Bode, Ph.D. '00, of Ohio State University, writes on the question "Why Educational Objectives?" The paper was read at the meeting of the National Society of College Teachers of Education at Chicago on February 25.

Professor Sarah T. Barrows '93, of the University of Iowa, is the author of "A Pronunciation Book," a guide to the pronunciation of four hundred words compiled for use in the Department of Speech of the University of Iowa. The book was published in May by the Athens Press.

TRY THIS AT THE REUNION

TWO alumni who were of a vintage of some thirty-odd years ago dropped into Ithaca for a pleasant week-end over Spring Day. The one, being a member of a fraternity, invited the other, not a fraternity man, to put up at "the house." The host, being obliged to return home early in the week, left his friend in charge jointly of the students in his house, the Alumni Office, the Athletic Association, the Town and Gown and the Country Clubs, and wished him Godspeed.

A week later the experimenter returns to the Land of the Bean and the Cod a staunch, almost fanatical, roofer for fraternities, the students in general, the great Finger Lakes region of Central New York, the Faculty; the baseball team, and nearly everything located within Tompkins County, and with his original enthusiasm for the abstract idea of Cornell the University reinforced by happy associations, more vivid and meaningful than ever. It will ever be to him the land of the wonderful vacation, the place of the perfect rest.

Not all alumni can be so fortunate in their choice of thoughtful friends. The opportunity, however, for utilizing the adjuncts to the University in this way is open to everyone much more than is generally believed. Making up one's mind to do it is the hard part of it.

Next week come the reunions. If some of the hundreds of alumni who return to

enjoy the society of their contemporaries will look the place over with a view to utilizing it at some future time as a place for a restful, valuable vacation, the reunions will accomplish for them something of greater importance even than the reunion's own very satisfying purpose.

'99 TO ENTERTAIN SONS

More than a hundred will return for the twenty-fifth reunion of the Class of '99 this year. The Class is entertaining all the sons of its members who are of high or prep school age. '99 asserts that it may always be recognized by the fact that it does new things, is an innovator, a starter of things that later become a custom. The Class prides itself on being not merely a follower. Ten years ago '99 entertained all other reunion classes in the first reunion rally.

MACARTHUR TRAVELS

Edward G. MacArthur '11, one of the field representatives of the Cornellian Council, who has been working in an Alumni Fund canvass in Western New York during the last six weeks, left Buffalo on June 1 for a month's trip through the Middle West. He will spend four days in Chicago, where he will speak at the weekly luncheon of the Cornell Alumni Association of Chicago on June 4 and where he will assist in completing the Alumni Fund campaign in the Chicago District. He will then proceed to St. Louis, where he will spend a week working with the St. Louis committee under the general chairmanship of William P. Gruner '07. He will be the guest of the club at the annual boat ride on June 7. He will then spend a few days in Kansas City, Tulsa, Wichita, and Hutchinson, Kansas, after which he will spend a week in Denver, returning to Ithaca by way of Omaha on July 1.

INTERCOLLEGIATE NOTES

IN RESIGNING the presidency of the Massachusetts Agricultural College to return to his alma mater, the Michigan Agricultural College, as president, Dr. Kenyon L. Butterfield sharply criticizes the system of State House control under which he says he has had to work for the last five years, and which he regards as "wholly unsound in principle, in practice highly detrimental to efficiency and true economy, as well as seriously discouraging to my co-workers on the staff."

AT THE UNIVERSITY of Minnesota drastic changes for fraternity rushing have been adopted by the Interfraternity Council and approved by the Administration and the Board of Regents. No entering freshman may be rushed by any fraternity until the first day of his second quarter in the university. No alumnus shall rush any freshman or prospective freshman until the opening of his second quarter. No girls shall in any way participate in fraternity rushing. Pledge day will be the tenth day of the second quarter.

ALUMNI NOTES

'79 AB, '84 AM—Mary M. Pitcher is sojourning in Southern California and making her headquarters, during an indefinite stay, at the Park Hotel in San Diego.

'82—Colonel Edward M. House on May 17 came out definitely as a supporter of the Presidential candidacy of William G. McAdoo, who was Secretary of the Treasury under President Wilson. Colonel House disclosed that he was a McAdoo supporter in an interview with a *Times* reporter just before sailing on the Atlantic Transport liner, Minnetonka, bound for Cherbourg and London on the return trip of her maiden voyage. Colonel House said he believed the British Government in the hands of the Labor Party was a strong one. "In many respects," he added, "I regard the MacDonald Government as one of the most able in my memory." Concerning reparations he said: "I hope the Dawes plan will be adopted and think the recent elections in France will make its adoption more probable because now the French Government will work in closer harmony with the MacDonald Government. I believe it to be absolutely essential that France and Great Britain work together if something worth while is to be accomplished." He added that it was "indeed unfortunate and also deeply to be regretted that the United States is not joining the other allies in this general settlement" of the reparations matter. Colonel House is accompanied by Mrs. House. They have planned to spend four months traveling in England and on the Continent.

'84—The Niagara Falls *Gazette* recently suggested that Judge Cuthbert W. Pound of the Court of Appeals, be included in the list of possible candidates for the Republican gubernatorial nomination in New York State this year. The *Gazette* declares that Judge Pound stands out conspicuously in State affairs and is "deservedly popular with the bench and bar of the State."

'94, '96 ME—Charles E. Rogers of London, England, is making an extended visit to the United States and is making his headquarters with the American Cyanamid Company at 511 Fifth Avenue, New York.

'94 CE—John W. Towle is president of the Omaha Steel Works with offices at 400 Peters Building, Omaha, Neb. He writes that Frank S. Selby is operating a radio store in Omaha and that Bernard F. Sines '22 has a position with the Illinois Central Railway in Chicago, Ill.

'96, '97 ME—Clarence W. Gail recently moved to 12517 Detroit Avenue, Lakewood, Ohio, where he is recovering from a serious infection of the arm which confined him to the house for seven weeks.

'98 AM—Newton H. Brown is now in charge of the Department of Physics at the Louisiana Polytechnic Institute at Ruston, Louisiana.

'99—Charles F. Heyerman has announced his removal from 19 McGraw Building in Detroit, Mich., to 1010 Ford Building in the same city.

'00—PhD—Professor Edwin Mims, of Vanderbilt, addressed the students of Emory College, Georgia, on May 13 on "The Fight for Idealism in America."

'02—For distinguished service in the field of belles lettres and beaux arts, Lieut. Col. Charles Wellington Furlong of Boston has been made an Officer Instruction Publique of the French Academy. Furlong studied at the Ecole des Beaux Arts, and under Bouguereau and Laurens at the Académie Julian, winning the Prix de Concours there in 1902. His book on "The Gateway to the Sahara" and articles on "The French as Colonizers," "The Men Behind the French Guns," and "Native Troops of the Tri-Color" attracted attention, as did paintings illustrative of French development in northern Africa. As an explorer, he is perhaps best known for his expeditions to Tierra del Fuego and Patagonia, being the first American to penetrate this region. It was there in 1910 that he met Jean M. Charcot, French explorer, returning from the Antarctic in his ship, the *Pourquoi Pas*. In recognition of this work he was made a member of the

Argentine Geographical Society. Among his other achievements have been the discovery in Tripoli Harbor of the wreck of the frigate *Philadelphia*, sunk by Lieut. Stephen Decatur in 1804, and exploring expeditions through the wildernesses of Dutch Guiana and Venezuela. During the War he was attached to the intelligence department of the General Staff and accompanied President Wilson to Paris. He has recently graduated from the War College at Washington.

'03 AB—Professor Margaret L. Bailey of Smith, has been granted leave of absence for next year.

'05 AB—Benjamin O. Williams is manager of the Lincoln Automobile Department of the Pasadena branch of the Murphy Motors Company, with headquarters at 285 West Colorado Street, Pasadena, Calif. He lives at 638 West California Street.

'05 ME—Wetmore H. Titus, who was formerly manager of engineering sales for the Gould Manufacturing Company of Seneca Falls, N. Y., is now associated with Allen L. Covill '96, at 1224 Granite Building, Rochester, N. Y., in handling pumps, compressors, and a general line of power plant equipment.

'07 CE—William J. Turner, who is an assistant general manager for the Braden Copper Company at Rancagua, Chile, is now in the United States with his wife and three-year-old son, William J., Jr., for the

first time in five years. Turner is having a five months' vacation and during the month of July will make his headquarters in New York where he can be reached in care of the company at 120 Broadway.

'09 CE—George F. Wieghardt joined the Bureau of Engineering of the Department of Health at Harrisburg, Pa., on April 7 after completing a report for the city of Reading, Pa., on "Extensions and Improvements to Its Water Supply System."

'09 AB—Walter L. Todd of Rochester, N. Y., recently established a fund to promote the development of business methods along scientific lines. The fund provides an annual intercollegiate award for the best thesis on the subject of credit instruments and their protection. The establishment of the fund marked the twenty-fifth anniversary of the Todd Protectograph Company of which he is an officer.

'10-12 G—Raleigh S. Rife is an economist and member of the buying department of the Guaranty Company of New York; he makes decisions as to whether certain bonds are sound investments and the company is warranted in offering them to the public.

'10 ME—Frank R. Oates recently became associated with the Technicolor Motion Picture Corporation as general manager of its Boston, Mass., plant, located at 120 Brookline Avenue. This company has developed a commercial process for the production of motion pictures in true natural colors. The first feature all-color picture from the plant will appear in August and will be a screen dramatization of Zane Grey's "Wanderer of the Wasteland."

'10 ME—Major Theodore R. Murphy writes that he was retired in 1922 for disability in line of duty. He is now living at the Mayvale Estate, Couva, Trinidad, B. W. I.

Electric locomotives draw long trains 650 miles over the Rocky Mountains on the Chicago, Milwaukee and St. Paul. Eventually most of the railroads in America will be electrified—engineers estimate that this will save more than a hundred million tons of coal a year.

The General Electric Company is electrifying the Mexican Railway between Orizaba and Esperanza. On the first section—with many curves and heavy grades—10 *electric* locomotives will take the place of 25 *steam* locomotives.

Economies resulting from electrification will repay the cost of the improvement within five or six years.

There are books you should examine when you come to Ithaca

There are books about Cornell University and books by Cornellians that are attracting considerable attention. You should know about these books. An hour spent at the Co-op would enable you to examine the table of contents of each. A few of the titles are: "Concerning Cornell", "Cornell Rowing", "Autobiography of Andrew D. White", "Cornell Verse" and "Modern Gypsies".

UPPERCLASSMEN!

An Opportunity and an Invitation

As guarantors of integrity and performance, Surety Companies occupy a unique position in the world of business. As old as history, Suretyship is one of the most important factors in the stabilization of the business structure.

Corporate Surety protects Banks against innumerable classes of loss.

The affairs of Governments—national, state and municipal—are administered by men whose proper performance of duty is assured by Corporate Surety.

The enforcement of Judicial decisions is facilitated and frequently rendered possible by Corporate Surety.

The performance of every bargain conceivable to the human mind and reduced to contract form can be made certain by Corporate Surety.

Trained Men Needed

The business of Corporate Suretyship is interesting. Of necessity it constantly maintains the closest possible touch with every phase of business activity. *To the young man it offers a broad range of profitable opportunities.*

Corporate Suretyship needs a constant inflow of trained mentality to insure an eventual supply of minds ripened by experience. The FIDELITY AND DEPOSIT COMPANY maintains a Training School at its Home Office. The Summer Session is open, with pay, to selected Juniors and Seniors.

Seniors who satisfactorily finish the entire course will be immediately assigned to permanent positions; Juniors will be advised as to the selection of electives in their Senior year and will be assigned to permanent positions upon completing the training course, after graduation from their respective Universities.
