NOTES

Since those attending the Conference are guests of the University, they are entitled to the privileges of the dining room on the second floor of the Statler Club. The Statler is a private club for members and their guests; therefore, it will be necessary for guests to inform the hostess of his or her status. Your registration badge will be sufficient identification. Groups may reserve tables or the small private rooms, and they are advised to do this as far in advance as possible.

The Rathskeller in the basement is reserved during the luncheon period for members, and since it has limited accommodations, our guests are required not to use it for lunch. The Ivy Room in Willard Straight Hall will be open for breakfast, luncheon, and dinner throughout the Conference. The Home Economics cafeteria and the Dairy Bar are also available, the latter for breakfast and luncheon only.

Except in cases of real emergencies the programs will not be interrupted to call persons from the room to meet callers or answer the telephone. Those at the Message Center will accept messages which will be posted on the blackboard in the main foyer. The Conference number is 607-256-2071.

The Flower Veterinary Library, located on the second floor near the head of the stairs from the main foyer, will be open during the Conference. Any member who wishes to use the Library is welcome to the privilege and the librarians will be glad to offer their help in finding anything wanted.

Signs will be posted directing visitors to the Commercial Exhibits. Free coffee will be available.

The SCAVMA employment booth will be located in Room E-125. At the conclusion of the afternoon programs there will be an opportunity to interview applicants for positions.

The NEW YORK STATE VETERINARY COLLEGE ALUMNI ASSOCIATION will hold a luncheon and meeting Wednesday, January 19, from 12:00 to 2:00 p.m. at the Statler Ballroom. The class of 1972 will be guests of the Association.

SPECIAL NOTICE REGARDING PARKING

Due to new University parking regulations, and construction that is in progress, parking will not be permitted in the immediate area of the College. The University has provided a Conference Parking Lot with bus service to and from the College. Instructions will be found on the enclosed parking permit. **BE SURE TO BRING IT WITH YOU**—it must be placed inside the windshield in a conspicuous place.

Thank you for your cooperation.

HOUSING ACCOMMODATIONS. Since standard housing for transients in Ithaca is limited, it is strongly suggested that guests secure their rooms before arrival. Please make your arrangements directly with the hotels or motels.

On the campus, the Statler Clubs and Willard Straight Hall have a few rooms.
