New Pork Agricultural Experiment Station,

GENEVA, N. Y.

month hard during the

Requests are coming to the Station frequently for back numbers of bulletins. In order to save much correspondence, the following statement has been prepared, indicating which bulletins are out of print. Of those not yet exhausted, the number is quite limited, but they will be supplied on application so long as the supply lasts. The first series of bulletins consisted of articles prepared for newspapers and numbered 115. The list below refers only to the new series.

Bulletin No. 1, July, 1885, Analysis of a fraudulent fertilizer. 4 pp. By *E. L. Sturtevant.* Out of Print.

Bulletin No. 2, August, 1885, Notes on pear blight, 4 pp. By J. C. Arthur. Out of Print.

Bulletin No. 3, September, 1885, Description of exhibit at State Fair, 2 pp. By E. L. Sturtevant. Out of Print.

Bulletin No. 4, September, 1885, Experiments with oats, 3 pp. By E. L. Sturtevant. Out of Print.

Bulletin No. 5, October, 1885, Cooked vs Raw food for stock, 3 pp. By *E. F. Ladd.* Out of print.

Bulletin No. 6, Nov., 1885, Hay vs damaged hay, 2 pp. By E. L. Sturtevant. Out of print.

Bulletin No. 7, March, 1886, Slug shot, 3 pp. By E. L. Sturtevant. Out of print.

Bulletin No. 8, April, 1886, Corn planting, 2 pp. By E. L. Sturtevant. Out of print.

Bulletin No. 9, March, 1887, Was it poison or over feeding? 3 pp. By *E. L. Sturtevant.* **Out of print**.

Bulletin No. 10, August, 1888, Analyses of feeding stuffs, Feeding and digestion experiments. 6 pp. By *E. F. Ladd.* **Out** of print.

Bulletin No. 11, September, 1888, Experiments in cultivation, etc. 9 pp. By E. S. Goff. Out of print.

Bulletin No. 12, September, 1888, Compilation of fertilizer laws of different states, 6 pp. By *P. Collier*. Out of print.

Bulletin No. 13, September, 1888, Farm and field experiments, 15 pp. By F. E. Emery. Out of print.

Bulletin No. 14, October, 1888, Chemical composition of feeding stuffs, 31 pp. By *E. F. Ladd.* **Out of print**.

Bulletin No. 15, November, 1888, Testing of fruits etc. 12 pp. By *E. S. Goff*.

Bulletin No. 16, July, 1889, Study of the corn plant and of alfalfa, 12 pp. By *E. F. Ladd.* **Out of print**.

Bulletin No. 17, October, 1889, Cattle foods and feeding rations. 26 pp. By *E. F. Ladd.* **Out of print**.

Bulletin No. 18, November, 1889, Testing of dairy breeds. 42 pp. By *E. F. Ladd.* **Out of print**.

Bulletin No. 19, June, 1890, Method for the determination of fat in milk and cream. 18 pp. By E. F. Ladd and W. H. Whalen. Out of print.

Bulletin No. 20, June, 1890, Pedigrees of dairy animals. 14 pp. Compiled by *P. Collier*. **Out of print**.

Bulletin No. 21, July, 1890, Testing of dairy breeds. 46 pp. By *E. F. Ladd*. **Out of print**.

Bulletin No. 22, August, 1890, Pig feeding experiments without milk. 12 pp. By W. P. Wheeler.

Bulletin No. 23, September, 1890, Comparative test of cows Loss in keeping manure. 30 pp. By *F. E Emery*. Out of print.

Bulletin No. 24, October, 1890, Experiments with strawberries. 20 pp. By C. E. Hunn. Out of print. Bulletin No. 26, January, 1891. The N. Y. State fertilizer control. II. Outline of history of commerical fertilizers. III. General principles underlying the use of fertilizers. 25 pp. By *L. L. Van Slyke*.

Bulletin No. 27, February, 1891. The N. Y. State fertilizer control. III. General principles underlying the use of fertilizers. 20 pp. By *L. L. Van Slyke*.

Bulletin No. 28, April, 1891, Pig feeding experiments with coarse foods, 9 pp. By W. P. Wheeler. Out of print.

Bulletin No. 29, April, 1891, Feeding experiments with laying hens. 18 pp. By W. P. Wheeler. Out of print.

Bulletin No. 30, May, 1891, Cabbage and cauliflower. Tomatoes. 16 pp. By C. E. Hunn. Out of print.

Bulletin No. 31, May, 1891, Commerical valuation of the food and fertilizing constituents of feeding materials, 17 pp. By *P. Collier.* Out of print.

Bulletin No. 32, July, 1891, 'The N. Y. State fertilizer control. IV. Description of materials used in making commerical fertilizers. V. Fertilizing materials produced on farms. VI. Fertilizing composition and valuation of various products, 32 pp. By L. L. Van Slyke.

Bulletin No. 33, July, 1891. The N. Y. State fertilizer control. VII. Explanation of terms of chemical analysis. VIII. Commercial valuations of fertilizers. IX. Composition of various chemical compounds. 20 pp. By L. L. Van Slyke.

Bulletin No. 34, August, 1891, Comparison of dairy breeds of cattle with reference to production of butter, 46 pp. By L. L. Van Slyke.

Bulletin No. 35, August, 1891. Some of the most common fungi and insects with preventives. 25 pp. By C. E. Hunn and G. W. Churchill.

Bulletin No. 36, September, 1891, Small fruits, 18 pp. By C. E. Hunn. Bulletin No. 37, November, 1891. Investigation of cheese. Experiments in the manufacture of cheese. Influence of composition of milk on composition and yield of cheese. A study of the process of ripening of cheese, 70 pp. By *L L. Van Slyke*.

Bulletin No. 38, January, 1892, Oyster shells as food for laying hens, 8 pp. By W. P. Wheeler.

Bulletin No. 39. January, 1892, Feeding experiments with poultry. 13 pp. By W. P. Wheeler.

Bulletin No. 40, March, 1892, Black knot of plum and cherry, 12 pp. By S. A. Beach.

Bulletin No. 41. April, 1892. I. Influence of copper compounds in soils upon vegetation. II. Spraying with fungicides for prevention of potato blight. III. Analysis of materials used in spraying plants, 24 pp. By S. A. Beach and L. L. Van Slyke.

Bulletin No. 42, May, 1892, Analysis of commercial fertilizers, 18 pp. By L. L. Van Slyke.

Bulletin No. 43, June, 1892, Experiments in the manafacture of cheese during May, 52 pp. By L. L. Van Slyke.

Bulletin No. 44, August, 1892, Strawberries, 9 pp. By C. E. Hunn.

Bulletin No. 45, August, 1892, Experiments in the manufacture of cheese during June, 36 pp. By L. L. Van Slyke.

Bulletin No. 46, September, 1892, Experiments in the manufacture of cheese during July and August, 57 pp. By L. L. Van Slyke.

Bulletin No. 47, November, 1892, Experiments in the manufacture of cheese during September and October, 64 pp. By *L. L. Van Slyke*.

Bulletin No. 48, December, 1892, Some bean diseases, 30 pp. By S. A. Beach.

Bulletin No. 49, January, 1893, Treatment of potato scab. Use of Bordeaux mixture for potato blight, 14 pp. By S. A. Beach.

Bulletin No. 50, January. 1893, Summary of results of experiments made in the manufacture of cheese during the season of 1892, 116 pp. By L. L. Van Slyke. Out of print. Bulletin No. 51, March, 1893, Some celery diseases. 18 pp. By S. A. Beach.

Bulletin No. 52, March, 1893, Analysis of commerical fertilizers, 43 pp. By L. L. Van Slyke. Out of print.

Bulletin No. 53, April, 1893, Feeding experiments with capons, 39 pp. By W. P. Wheeler.

Bulletin No. 54, May, 1893, Experiments in the the manufacture of cheese. I. Manufacture of cheese from normal milk rich in fat. II. Study of cheese-ripening process, 43 pp. By L. L. Van Slyke. Out of print.

Bulletin No. 55, May, 1893, General principles relating to the composition and use of fertilizers, 90 pp. By L. L. Van Slyke. Out of print.

Bulletin No. 56, May, 1983, The manufacture of Edam cheese and Gonda cheese, 36 pp. By L. L. Van Slyke.

Bulletin No. 57, June, 1893, Feeding experiments with laying hens, 13 pp. By W. P. Wheeler.

Bulletin No. 58, July, 1893, Analysis of commerical fertilizers collected on Long Island in the spring of 1893, 13 pp. By L. L. Van Slyke.

Bulletin No. 59, September, 1893, Analysis of commerical fertilizers collected in the spring of 1895, 35 pp. By L. L. Van Slyke. Out of print.

Bulletin No. 60, October, 1893, Investigation relating to the manufacture of cheese. Part I 66 pp. By L. L. Van Slyke.

Bulletin No. 61, November, 1893, Investigation relating to the manufacture of cheese. Part II. 62 pp. By L. L. Van Slyke.

Bulletin No. 62, December, 1893, Investigation relating to the manufacture of cheese. Part III. 77 pp. By L. L. Van Slyke.

Bullen No. 63, December, 1893, Some experiences with blackberries, dew berries and raspberries, 27 pp. By S. A. Beach.

Bulletin No. 64, January, 1894, Scme experiences with strawberries, strawberry crosses, 24 pp. By S. A. Beach.

Bulletin No. 65, January, 1894, Investigation relating to the manufacture of cheese. Part IV, Summary of the results of the work done in cheese-factories during the seasons of 1892 and 1893. 134 pp. By *L. L. Van Slyke*.

Bulletin No. 66, January, 1894, Analysis of commercial fertilizers collected in the fall of 1893, 23 pp. By L. L. Van Slyke.

Bulletin No. 67, February, 1894, Experiments in preventing pear scab in 1893, 22 pp. By S. A. Beach.

Bulletin No. 68, March, 1894, Investigation relating to the manufacture of cheese. Part V, Fat in milk as a practical basis for determining the value of milk for cheese-making. 44 pp. By L. L. Van Slyke.

Bulletin No. 69, March, 1894, Vegetables grown for exhibition, 54 pp. By S A. Beach.

Bulletin No. 70, April, 1894, Some reasons why the legal milk-standard of New York State should be changed, 17 pp. By *L. L. Van Slyke*.

Bulletin No. 71, May, 1894, Some reasons why there should be a legal standard for cheese in New York State, 20 pp. By L. L. Van Slyke.

Bulletin No. 72, June, 1894, Preventing leaf blight of plum and cherry nursery stock, 6 pp. By S. A. Beach.

Bulletin No. 73, July, 1894, Analyses of commerical fertilizers collected during the spring of 1894, 33 pp. By *L. L. Van Slyke.* Out of print.

Bulletin No. 74, September, 1894, Observations on the application of fungicides and insecticides, 25 pp. By S. A. Beach and W. Paddock.

Bulletin No. 75, September. 1895, Some insects injurious to squash, melon and cucumber vines, the asparagus beetle. By V. *H. Lowe*.

Bulletin No. 76, October, 1894, Notes on strawberries for 1894, 16 pp. By S. A. Beach.

Bulletin No. 77, November, 1894, Comparison of different

breeds of dairy cattle. The cost of milk production. 30 pp. By L. L. Van Slyke.

Bulletin No. 78, November, 1894, Comparison of different breeds of dairy cattle. The cost of butter and cream production. 29 pp. By L. L. Van Slyke.

Bulletin No. 79, November, 1894, Comparison of different breeds of dairy cattle. The cost of cheese production, 22 pp. By *L. L. Van Slyke*.

Bulletin No. 80, November, 1894, Alfalfa forage for milch cows, 52 pp. By W. P. Wheeler.

Bulletin No. 81, December, 1894, Variety tests with blackberries, dewberries and raspberries. Raspberry anthracnose. 14 pp. By S. A. Beach and W. Paddock.

Bulletin No. 82, December, 1894, Results of investigation relating to the manufacture of cheese for the season of 1894, 62 pp. By *L. L. Van Slyke*.

Bulletin No. 83, December, 1894, Insects affecting late cabbage. Notes on the stalk borer. Insecticides. 30 pp. By F. A. Sirrine.

Bulletin No. 84, January, 1895, Spraying pear and apple orchards in 1894, 36 pp. By S. A. Beach.

Bulletin No. 85, January, 1895, Analyses of commercial fertilizers collected during the fall of 1895, 28 pp. By *L. L. Van Slyke*.

Bulletin No. 86, February, 1895, Treatment of common diseases and insects injurious to fruits and vegetables, 52 pp. By S. A. Beach and W. Paddock. Out of print.

Bulletin No. 87, March, 1895. The San Jose or pernicious scale, 12 pp. By F. A. Sirrine.

Bulletin No. 88, March, 1895, Forcing lettuce in pots. Mushrooms as a greenhouse crop, 20 pp. By S. A. Beach.

Bulletin No. 89, April, 1895, Comparative profits derived from selling milk, butter, cream and cheese, 14 pp. By *L. L. Van Slyke*.

Bulletin No. 90, May, 1895, Feeding experiments with laying hens, 20 pp. By W. P. Wheeler.

Bulletin No. 91, August, 1895, A new strawberry. Notes on strawberries, raspberries, blackberries and dewberries, 21 pp. By S. A. Beach and W. Paddock.

Bulletin No. 92, October, 1895, Analyses of commerical fertilizers collected during the spring of 1895, 56 pp. By L. L. Van Slyke. Out of print.

Bulletin No. 93, October, 1895, Comparative field-test of commerical fertilizers used in raising potatoes, 14 pp. By L. L. Van Slyke.

Bulletin No. 94, October, 1895, The Composition and use of fertilizers; science applied to feeding plants, 133 pp. By L. L. Van Slyke.

Bulletin No. 95, November, 1895, Currants, 32 pp. By S. A. Beach. Out of print.

Bulletin No. 96, December, 1895, Report on analysis of commerical fertilizers collected during the fall of 1895. 48 pp. By L. L. Van Slyke.

Bulletin No. 97, December, 1895, Corn silage for milch cows. 50 pp. By W. P. Wheeler.

Bulletin No. 98, January, 1896, Plum leaf spot. Cherry leaf spot. Fruit rot. By S. A. Beach.

Bulletin No. 99, January, 1896. The spinach leaf maggot or miner. 32 pp. By F. A. Sirrine.

Bulletin No. 100, February, 1896, Combating carnation rust. 16 pp. By F. C. Stewart.
